BRIDGE PROBLEM OF ISLAND CREEK CALLS FOR EXPERT

Piles Down Twenty-five Feet
In Soft Mud and Are
Yielding.

Engineer Thinks Now Is Time
to Employ Man.

GENERAL COUNCIL MEETING

Through 25 feet of soft mud City Engineer Washington has driven piling to strengthen the Fourth street bridge over Island creek, and still every time the pile driver strikes a pile it sinks five inches.

Mr. Washington has advised that the city employ a bridge expert to take charge of the work, and in this he was joined with the engineer for the Nashville, Chattanooga & St. Louis railroad, who declared the Island creek bridge crossing presents a serious problem. As the new bridge will be a costly structure, capable of supporting street cars, it is expected to last practically forever, and no mistakes must be made.

When the city engineer found no support for his piling he was more than ever convinced that an expert should be employed to come here now, while the water is low, instead of waiting until high water next spring, when he cannot judge of the situation so well.

On his advice Mayor Smith called the councilmen and aldermen as a committee of the whole this afternoon. As the committee could take no decisive action and the matter was urgent, Mayor Smith wrote out a call for a special session, and the two boards resolved themselves into their proper organizations and took up the bridge and the wharf questions.

City Engineer L. A. Washington was authorized to employ Wilbur Watson, an eminent bridge designer of Cleveland, O., to assist him in designing the new bridge to span Island creek. Mr. Watson was formerly chief designer for the Osburn Bridge company and has a national reputation. He will be paid \$500 for his services or 2 1/2 per cent.

An amendment was recommended for the wharf ordinance, reducing the free space to 303 feet. The original free wharf was 423 feet, but 120 of this is to be occupied by the Thompson & Etter Sand and Gravel company. The Ayr-Lord Tie company's dry docks will occupy the present space used by Thompson & Etter. A rental price of \$1 per foot will be charged for the 120 feet.

At the meeting were Councilmen Foreman, Hannin, Horton, Leigh, McCarthy, Budde, Barnett and Aldermen Stewart, Hank, Van Meter, Lackey and Oehlischlaeger. Mayor Smith had not issued a call, but it became necessary before prompt action could be taken in the bridge matter. City Solicitor Campbell prepared the amendment, which was given first passage and second passages in double quick time.

No Police Court Tomorrow.

There will be no session of police court tomorrow. Police Judge Cross will leave at 7:45 o'clock tomorrow morning for Louisville to attend a called meeting of the Great Chiefs of the Great Council of Red Men, to be held Sunday. Judge Cross is a member of the board of appeals and will be the only warrior from the local tribe to be present.

Plucky Policeman Returns
To Attack.

Cicero, Ill., Nov. 11.—Three bandits early today raided a saloon here, shooting, perhaps fatally, three men, and one woman. One bandit was wounded, and captured. Two escaped with the cash register contents.

The injured are: Louis Bellemont, proprietor of the saloon; Fred Kop, who may die; John Kane, a policeman, shot in the breast and abdomen—he may die; Millie Mehler, a woman, shot in the face. The unidentified bandit may die.

The three hold-ups entered the place as Bellemont was serving Kop and the Kohler woman at the bar. When ordered to hold up his hands, Bellemont reached for a gun, but was felled with a bullet. The trio of robbers then opened fire and Bellemont, Kop, and the woman fell. Kane was shot in the breast. Police Officer Kakownekey shot and captured the bandit after a fierce struggle.

POSTMASTER GENERAL HITCHCOCK SOARS.

Baltimore, Nov. 11.—Postmaster General Frank Hitchcock ascended in an aeroplane with Count De Lesseps in the meet here today and was so well pleased with the experience he asked for a higher flight, with Archibald Hoxsey in a Wright biplane. The wind was too gusty for a second flight today. General James Allen, U. S. A., was also given a new experience in a flight with De Lesseps.

Latham, Radley and Drexel also made flights. The bomb throwing contests were the principal events of the day.

LITTLE'S CHAPEL ON FIRE DURING THE SERVICES.

While prayer meeting was in progress last night at 7:30 o'clock fire caught the Little's chapel, in Littleville. The blaze started from a defective flue, and was burning briskly when the firemen arrived. The lack of wind saved the chapel from entire destruction. Members of the congregation prevented the fire from spreading, and hose companies Nos. 2 and 4 and truck company No. 4 made the long run. Yesterday afternoon hose companies Nos. 1 and 4 and truck company No. 4 extinguished a small fire at Seventh and Jackson streets in a house owned by the Bethshares estate.

Society of Equity And Farmers' Union

Negotiations are under way for the consolidation of the Society of Equity with the Kentucky Farmers' Union. R. L. Barnett, state secretary-treasurer of the Kentucky Farmers' Union, today confirmed the report that the two organizations are contemplating the merger, and that it will be consummated in a short time. The negotiations have been pending for some time.

The Society of Equity, an organization for farmers, is strong in the central part of the state and especially in the vicinity of Owensboro. The Kentucky Farmers' Union is strongest in western Kentucky. It is a branch of the great national organization and the Equity members will give an additional prestige to the state.

At the last state meeting of the Farmers' Union it was decided to remove the office of the secretary-treasurer to Louisville in order to obtain a more central location over the state, but this has been changed and the main office will remain in Paducah.

IN ENGLAND

POLITICAL TRUCE IS NOW ABANDONED.

Run of It Has Expired and the Parties Are Now Active Again.

London, Nov. 11.—The conference which was organized shortly after the death of King Edward VII. in an endeavor to secure a settlement of the controversy over the question of the veto powers of the house of lords with reference to measures passed by the house of commons is dissolved without reaching an agreement. The announcement of the failure was made by Premier Tsquith. The same does not disclose the cause of the disagreement.

It is understood the conference decided on the composition of a joint commission that should adjust the differences arising in the future. The Liberals insisted that the proportion of the members of this committee should be such that the will of the house of commons will have a fair chance of prevailing. The Conservative members could not agree to the government proportion and their alternative proved unacceptable to the Liberals.

Walter Hume Long announced that neither home rule, imperial federation nor dissolution formed part of the discussion.

The political situation now reverts to the position it was in before the truce at the death of King Edward VII. Politicians are preparing to resume the fight. The advanced Liberals are urging the government to press the original proposals limiting the power of the house of lords.

These lords would be rejected and the premier pledged for the appointment of a sufficient number of new peers to insure the passage of measures and the will of the commons would be supreme.

If this course is followed there would be a general election early next year.

Mine Explosion Kills Four Men In Southern Illinois and Wounds 11 Others---Two Hundred Rescued

Premature Blast Believed To
Have Caused Disaster At
Hillsboro This Morning---
Horribly Multilated.

Hillsboro, Ill., Nov. 11.—Four men dead, eleven injured, several fatally and the lives of 400 miners imperiled are the results of an explosion in the mines of the Shoal Creek Coal company, at Panama, Ill., ten miles from here, at 9 o'clock this morning.

The cause of the explosion has not been determined, but it is believed a premature blast caused the disaster. The men were so burned and mangled that a roll call of all the miners employed in the shaft will be necessary to establish their identity. The mine machinery was not badly damaged.

Within two hours after the explosion, all the miners had been taken out of the mine and the dead recovered. E. F. Grabuck, mine superintendent, was in the shaft, but he escaped injury and immediately took charge of the rescue work.

At the offices of the mine company, it is said two are known to be dead, but men rescued from the shaft declare four were killed.

The dead are J. Wilbur, aged 32, and Jacob Hermon, of Sorento; Joe Verno, of Panama, and one unidentified.

Among the injured are Arthur McReaken and James Claycock, of Sorento. It is reported this afternoon that 11 other miners are entombed in the mine.

CITY NATIONAL SUED FOR \$76,000 CONTRACT BREACH

Hummel and McCandless Allege They Were Ignored In Building.

Promoted Sky-scraper Deal They Declare.

AT FOURTH AND BROADWAY

Suit for \$76,000 damages for an alleged breach of contract was filed this afternoon in the McCracken circuit court by W. P. Hummel and George F. McCandless against the City National bank. The plaintiffs allege that they entered into a contract with the bank for the erection of an office building at Fourth street and Broadway and fulfilled part of the contract, when the officers of the bank refused to carry out their part of the contract, and erected the building themselves.

According to the contract, Hummel and McCandless agreed to erect an eight-story office building on the site at a cost of not over \$175,000, and to lease the building for a period of 99 years. At the expiration of the lease the building was to revert to the bank. The plaintiffs allege they were to have charge of the building, and to lease all the space free and \$4,000 a year from the plaintiffs. The bank was to pay the taxes and to maintain the insurance on the building.

Messrs. Hummel and McCandless allege that they carried out the first part of their contract by posting \$20,000 as a guarantee of good faith and arranged with the Falls City Construction company for the erection of the building. After a representative of the construction company had been brought to Paducah, the plaintiffs allege that the bank entered into a contract with the construction company and ignored the contract with the plaintiffs.

The plaintiffs allege they were to assume charge of the old buildings on the site December 3, 1909, which were valued at \$500. By reason of the loss of rents and the breach of contract Messrs. Hummel and McCandless allege they are damaged to the extent of \$76,000. The plaintiffs are represented by Attorneys W. A. Berry and C. C. Grassham and Fred Forch, Jr., of Louisville. The suit is one of the largest filed in circuit court in many months and some interesting litigation may be expected.

Mine Explosion Kills Four Men In Southern Illinois and Wounds 11 Others---Two Hundred Rescued

Premature Blast Believed To
Have Caused Disaster At
Hillsboro This Morning---
Horribly Multilated.

Hillsboro, Ill., Nov. 11.—Four men dead, eleven injured, several fatally and the lives of 400 miners imperiled are the results of an explosion in the mines of the Shoal Creek Coal company, at Panama, Ill., ten miles from here, at 9 o'clock this morning.

The cause of the explosion has not been determined, but it is believed a premature blast caused the disaster. The men were so burned and mangled that a roll call of all the miners employed in the shaft will be necessary to establish their identity. The mine machinery was not badly damaged.

Within two hours after the explosion, all the miners had been taken out of the mine and the dead recovered. E. F. Grabuck, mine superintendent, was in the shaft, but he escaped injury and immediately took charge of the rescue work.

At the offices of the mine company, it is said two are known to be dead, but men rescued from the shaft declare four were killed.

The dead are J. Wilbur, aged 32, and Jacob Hermon, of Sorrento; Joe Verner, of Panama, and one unidentified.

Among the injured are Arthur McReaken and James Claylock, of Sorrento. It is reported this afternoon that 11 other miners are entombed in the mine.

The Guadalupe outbreak last night is believed to have been more serious than reported. Private telegrams indicate the end of rioting as Diaz has taken personal control over the revolution.

CITY NATIONAL SUED FOR \$76,000 CONTRACT BREACH

Hummel and McCandless Al-
lege They Were Ignored
In Building.

Promoted Sky-scraper Deal
They Declare.

AT FOURTH AND BROADWAY

Suit for \$76,000 damages for an alleged breach of contract was filed this afternoon in the McCracken circuit court by W. P. Hummel and George P. McCandless against the City National bank. The plaintiffs allege that they entered into a contract with the bank for the erection of an office building at Fourth street and Broadway and fulfilled part of the contract, when the officers of the bank refused to carry out their part of the contract, and erected the building themselves.

According to the contract, Hummel and McCandless agreed to erect an eight-story office building on the site at a cost of not under \$175,000, and to lease the building for a period of 99 years. At the expiration of the lease the building was to revert to the bank. The plaintiffs allege they were to have charge of the building, and to lease all the offices. The bank was to receive its space free and \$4,000 a year from the plaintiffs. The bank was to pay the taxes and to maintain the insurance on the building.

Messrs. Hummel and McCandless allege that they carried out the first part of their contract by posting \$20,000 as a guarantee of good faith and arranged with the Falls City Construction company for the erection of the building. After a representative of the construction company had been brought to Paducah, the plaintiffs allege that the bank entered into a contract with the construction company and ignored the contract with the plaintiffs.

The plaintiffs allege they were to assume charge of the old buildings on the site December 3, 1909, which were valued at \$500. By reason of the loss of rents and the breach of contract Messrs. Hummel and McCandless allege they are damaged to the extent of \$76,000. The plaintiffs are represented by Attorneys W. A. Berry and C. C. Grassham and Fred Forch, Jr., of Louisville. The suit is one of the largest filed in circuit court in many months and some interesting litigation may be expected.

Dauntless Florence Webster, who played the part of Adeline last season in the west, will have the role of the girl who lost her voice. "The Climax" is one of the few plays which is more enjoyable for a second hearing.

He Was Mad.

My little nephew, 3 years of age, did something for which his father said he should apologize to his sister. This the child passionately refused to do.

After his father had commanded and pleaded and he still refused, his father spanked him. Still he would not apologize, and was spanked the second time. Still he would not do as he was told.

His father said, "Howard, if you do not apologize to sister, papa will punish you again."

Then Howard said, between sobs, "Well, papa, then on your account I'll do it, but I tell you I am still mad."—The Delineator for November.

HEAT WITH GAS

NO ROOM HEATER can be as satisfactory as a **GAS HEATER**, for with the latter you can get just the degree of heat you desire, and it is clean, smokeless and absolutely safe, all of which advantages no other heater has. It, too, is as economical as any other heater you can buy, for what can be more economical than one that can be turned off when not needed.

A Gas Room Heater is especially applicable to bed rooms, bath rooms, small stores and offices which have no steam or hot water heat. It can also be used well where there is heat that is not kept on steadily.

We have heaters that will fit your fireplace, gas logs that when burning resemble logs of wood, heaters that resemble radiators, others that can be used for heating water and cooking.

We have a number of fine heaters at surprisingly low prices and would be glad to have you look over our stock.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. H. HUNT, 713 Mineral Ave., Galena, Kans.

SPEAKERSHIP MIX AT SPRINGFIELD

"OLD GUARD" HOLDING BALANCE
OF POWER.

Compromise Between the Deneen
Forces and the Stalwarts Is
Alternative.

TO SHUN G. O. P. CAUCUS

Chicago, Nov. 11.—Complexities bid fair to enmesh the election of speaker of the next Illinois house in a tangle similar to that which preceded the bipartisan alliance in 1909. Upon stacking up the results of the election the politicians discovered yesterday that enough leaders of the "old guard" have been returned to constitute a possible "balance of power." Eleven of them will be back at Springfield. The Republicans will have eighty-four members of the house. If the eleven mandarin refuse to go into caucus, as they did two years ago, the caucus selection for speaker will have no chance of election, inasmuch as it takes 77 votes for a majority unless a few votes come from the Democratic side. A deadlock would be the result, the breaking of which could be accomplished either through conciliation or by bipartisanship.

Just what position the "old guard" will take is undecided as yet. Its members are silent on the question, but some of them have already intimated that they will not go into caucus in case the Deneen forces meet beforehand in a select conference and pick the candidate for gavel honors.

The ultimate result foreseen by the politicians is a compromise between the Deneen forces and the "old guard" to vote for a speaker acceptable to both sides, or else the casting of a vote for a Democratic candidate by the "old guard."

Although Speaker Shurtliff has not definitely committed himself upon the subject he has conveyed intimations to some of his friends that he will not seek the speakership.

Democrats See Hope.

The Democrats this time see the possibilities lying in the feud between the Deneen men and the older element. As a mass they will not be ready or willing this time to vote for a Republican speaker, the fate that befell some of the members of the old bi-partisan combination being fresh in their memories and they are expected to vote to the last ditch for a Democrat, trusting that the factionalism on the majority side may lead some of the Republicans to give them votes enough to gain the gavel.

This time the reapportionment comes up as the matter of greatest concern to the professional politicians and the anxiety of both sides to con-

NEVER HAD ANY ITCHING.

After One Application of Poslam, the
New Skin Remedy.

Whenever eczema is present on body, limbs or scalp, the first demand is for something to stop the continual itching. This poslam does ("Never had any itching after the first application," says Mr. L. J. Brendlinger, Philadelphia.)

In trying the sample of poslam—which is mailed free to any one upon request by the Emergency Laboratories, 32 West Twenty-fifth street, New York City—it is best to use it on a small surface and compare in the morning with the surrounding skin not so treated, noting the vast improvement. Or watch its quick work in clearing the complexion (overnight), removing pimples, undeciduous rashes, eruptions, etc. Unless poslam has been used the best means to rid oneself of a skin affection have not been employed. Poslam has done the work in worst cases of eczema, acne, tetter, salt rheum, psoriasis, all forms of itch, etc., where relief could not be obtained by other means. Poslam is sold in two sizes (trial, 50 cents; regular jars, \$2) by all druggists, particularly Gilbert's and R. W. Walker Co's.

trol will lead to a great battle over the speakership.

Already the Deneen forces have several candidates in the field, among them George H. Hamilton of Watseka, Lucas I. Butts of Peoria, Homer J. Tice of Menard, Charles Adkins of Platt, William Lewis of La Salle, L. J. Pierson of Wilmette, Edward J. King of Galesburg, H. W. Wilson of Quincy, R. D. Kirkpatrick of Franklin and W. T. ApMadoc of Chicago. In the gossip yesterday it was rumored that Representative Lewis might be a compromise candidate.

Democratic Gains Low.

As the complete returns came pouring in yesterday they showed that the Democratic gains had been somewhat greater than even at first indicated.

The state ticket was plunged in doubt until last night, when complete returns came in from most of the counties. In Cook county Alphonse K. Hartley, Democrat, ran 13,529 votes ahead of Edward E. Mitchell for state treasurer. Conrad B. Bardwell, Democratic nominee for superintendent of public instruction ran 10,961 votes ahead of Francis G. Blair, Republican.

For university trustees the three Democratic nominees, A. L. White, John J. McGlynn and George T. Page ran ahead of the Republican candidates, Mrs. Mary E. Busey, Otis W. Holt and William L. Abbott. The lowman on the Democratic ticket was 18,297 votes ahead of the high man on the Republican ticket.

All this spread gloom during the day at Republican state headquarters, but late in the night convincing proof came that the Republican state ticket had won by a comfortable majority.

The latest totals indicate that downstate the Republicans rolled up votes enough to re-elect Blair by a small margin, while Mitchell's fate is still in doubt.

Barnes Talks of Victory.

"The forces which have working for an honest and efficient legislature," said Mr. Barnes, "have reason to feel highly gratified with what has been accomplished. Only a small minority of those who stood for corruption in the forty-sixth general assembly have been returned by their constituents, and this element will be so badly handicapped by the state-wide discredit cast upon it as to be practically harmless. Shurtliff, Lee O'Neil Browne, Broderick and Wilson remain as unpleasant reminders of our state's disgrace, but they remain shorn of their power."

"To fairly estimate the victory which the reform forces have achieved it is necessary to remember what a tremendous advantage was given to the regular party organizations both at the primaries and the general election by the cumulative system of voting. They could act as one man, plumping their votes where they were most needed, and so elect their candidates. The reform element was, in almost every case, divided, and because of this division the bad men slipped in."

"The party circle was another serious obstacle to the independent voter. From reports which came to me yesterday from a number of polling places, I found that many of our best citizens were ignorant as to the method of marking their ballots so that they could cast three votes for some one candidate for the legislature, especially when his name appeared outside their own party column."

"The vast size of the blanket ballot was another very important factor in the defeat of independent candidates. It almost required an expert to make wise selections from the vast number of names presented, and the time required to do this discouraged many who might otherwise have attempted it."

"Finally, the men whom the league condemned and tried to defeat made the fiercest fight of their lives; money was liberally used by them and every ounce of influence brought to bear to obtain their so-called vindication in the face of bitter popular opposition. A corrupt practices act would have helped the reform agencies in this particular."

"In view of the tremendous Democratic landslide one would suppose that the Democratic bosses would be bitterly lamenting the fact that they failed to follow the advice of the

Tomorrow's the Last Day

THERE'S POINT TO THIS TALK we have been making you about good clothes, in the price of which the "overhead expense" has been cut to the very marrow of the bone.

You see its this way: while we're only a step from Broadway, on North Third Street, that short distance means all the big difference between high rents—which YOU and other customers of Broadway stores pay—and our own comparatively modest expense from that source. And such rent as we do pay is shared by over a dozen different departments. That's true economy—and one of the best reasons why it **PAYS TO BUY AT HARBOUR'S**. Another good reason why it's money in your pocket to buy here is that we buy and sell strictly for cash. Real money has a tremendous power in the market in securing lowest prices. For instance, study these handsome

Griffon Clothes at \$15

Never have you worn more stylish clothes than these. The good tailoring which produces true, lasting styles is there—we see to that. When you see them you will agree that our boast that they fit beautifully is no idle one.

Never have you worn more substantial and dependable fabrics than those of which Griffon clothes are made. They're ALL PURE WORSTED—a compliment which can't be paid many a suit which brings twice the money. Yes, sir; you've paid ten to fifteen dollars more many a time for merely "all wool"—and "shoddy," the meanest and poorest thing the woolen trade knows is "all wool."

Now the whole point of this is well put in the words of a certain eminent rich man: "It's only the hopelessly poor who can afford to be indifferent to the cost of necessities." The minute a man starts to take account of what he gets for his dollar, he puts his foot on the ladder of success. Put your foot down today! Start to figuring!

Let your Thanksgiving suit be a \$15 Griffon—and line the pocket of the new suit with a crisp \$10 bill saved.

FRIDAY, NOVEMBER 11.

Daily Thought.

"A man is never as good as he says he is not as bad as others say he is."

President Taft sailed way next day after election on the cruiser Tennessee.

THE ANANNIAS CLUB IN ACTION

The Anannias club seems to have done quite as much as the Tammany club to bring about the result. Analysis of the returns from normally Republican states, do not sanction the expression "Democratic landslide," or give much encouragement to that party in 1912. Before the election we predicted Democratic victories in most of the states, but doubted whether there would be sufficient gains to give that party the lower house of congress. We based our predictions on the Republican factional troubles and the satisfaction of the farmers with present conditions. We find that in New York and Ohio, where the greatest Democratic gains were made, they were due entirely to the Republican "stay-at-home" vote. Dix received in New York City no larger majority than Bird S. Coler, but on account of failure of Republicans to go to the polls Stimson failed to meet that majority with a larger one up-state. In Ohio fully 200,000 Republicans stayed away from the polls, and the returns show that Harmon actually carried counties by increased majorities without receiving as large vote as he did two years ago. The congressmen, who won, were in comparatively close districts, which the "stay-at-home" vote threw away.

The legislatures of the two states were likewise affected, while in New York questions of gambling laws, popular primary and corporation control wiped out part lines, just as the liquor question did in Ohio, Indiana, Nebraska and Tennessee. The Republicans in Ohio, too, were dissatisfied with their candidate for United States senator.

In Missouri, where a full vote was polled on account of the state-wide constitutional amendment, the Republicans gained five congressmen. An interesting aftermath of the election is the condemnation which is coming to Roosevelt. Rural Republican papers in Ohio, Indiana and Illinois are blaming him for it all; though Roosevelt is a much more a product of the political upheaval as the cause of it. In New York Roosevelt called all the politicians opposed to him names, which debarrd them from aiding in electing the ticket; in Indiana he is reported to have called a judge a "jackass"; in Massachusetts he is threatened with a slander suit, and in Ohio he denounced Harmon as a crook. The popular verdict in every instance was against him.

Odd how the fortunes of politics change. When Roosevelt came home he was hailed by the radicals and yellow magazines as the savior of his country; he took precedence over the president on the front pages and became the burning issue in the political campaign. Some people took a delight in the comparative obscurity into which the shadow of Roosevelt threw President Taft. Now that the storm has passed, the same observers recognize Roosevelt as a cloud, and the smiling face of Taft as the sun, which was temporarily behind the cloud. Having allowed himself too prominent a place in the issues, and refused President Taft early credit for what was due him, Mr. Roosevelt must now stand for the odium of defeat.

Who can fail to admire the dignified poise of Taft through the triumph of his election, the abuse and misrepresentation of the yellow magazines, the preference of Roosevelt and the eradication of many discordant elements in the party?

Who can deny the political acumen he evinced from the beginning of the campaign for his election until the adjournment of congress. He was the originator of the tariff commission idea, the corporation publicity measure, the income tax, the maximum and minimum schedules, the extension of the powers of the interstate commerce commission and the systematic improvement of the waterways. He was the first to express disapproval of the tariff, saying it was not as good as he expected though the best ever framed, and he announced that he accepted it because it contained the maximum and minimum features and the provision for a tariff com-

John Mack Denies Authorship.

Whatever hesitancy the people of Hickman county may have felt in supporting Senator McCreary over John K. Hendrick for governor is fast disappearing owing to the character of the attacks which Mr. Hendrick's friends are making upon Mr. McCreary. In a personal letter to the editor of the Gazette about the time he let it be known that he would be a candidate for governor, Mr. Hendrick expressed such warm personal regard for Mr. McCreary and was so sure that no estrangement could possibly arise between them in this campaign, though both were seeking the same high office, that we looked for an entirely different kind of campaign as between Mr. Hendricks and Mr. McCreary to the one that is being carried on by Mr. Hendrick's chief lieutenant and mouth-piece, Mr. John McMeolan of Murray, whose intemperate attacks on Senator McCreary will lose Mr. Hendrick friends wherever the McMeolan literature circulates. That this literature is given a broadest circulation is due to the fact that Ben Johnson's campaign managers are looking after that. Mr. Hendrick is in this manner giving aid to Mr. Johnson, a man whom we have understood Mr. Hendrick to be unalterably opposed to. Mr. Hendrick may really be opposed to Johnson to the degree he has asserted, but it does not necessarily follow that Mr. McMeolan is of one mind with his chief, for we have no doubt that Mr. McMeolan prefers Johnson to McCreary. At any rate, the Gazette, which has always warmly supported John Hendrick and thinks more of him today than any other public man in Kentucky, must decline to be used by the Johnson machine to defeat McCreary, which is the real purpose of the Hendrick candidacy as it is being used by Mr. Hendrick's professed friends and supporters. —Clinton Gazette.

mission. He has also set on foot investigations into the cost of conducting the departments of government, and so far reduced the annual expense of government ten millions.

Roosevelt dodged the tariff, threw it on Taft's administration and left for Africa. He returned to step in front of the president in the national election and got the hot end of it. Now Mr. Taft is going to Panama to look over the job, leaving Mr. Roosevelt to face the consequences of his effrontery.

Now, that the Democrats have the speakership and the majority, will they be so keen to take away the speaker's authority?

There is a certain element of good humor lacking in the debate between the Smithland Banner and the Cadiz Record.

The poultry exhibit on the front pages of the Gibraltar rural press, which arrived today, was not as large as we anticipated. Has it been so long since a Democratic victory was polled that the roosters got lost in the junk pile, or was not two days' notice sufficient time for a weekly paper to rise to the occasion?

LEAVE HENDRICK OUT OF IT.

Editorials from the Clinton Gazette and the Calloway Gazette, which are reproduced at the head of these columns today, indicate the lack of confidence of the press in the sincerity of politicians in Kentucky, and incidentally injustice is being done our fellow-townsmen John K. Hendrick, who makes his fights in the open always. The Calloway Gazette and the Clinton Gazette have both professed friendship for him in the gubernatorial contest; but some politicians have reproduced an editorial from the Paris (Tenn.) Parian, written by John MacMeolan, of the Calloway Gazette, about J. C. W. Beckham, and with it an attack on McCreary, as if he had written both. The Clinton Gazette, insists that if McMeolan, who professes friendship for Hendrick, is using that method of attacking McCreary, then Hendrick's campaign must be in the interest of the Johnson faction. McMeolan replies this week, declaring that he is not the author of the McCreary attack, which relieves Mr. Hendrick and his friend of any connection with the screed. It would require evidence, sufficient to convince an unprejudiced jury beyond a reasonable doubt, to make anyone, who knows John K. Hendrick, believe he is lending his good name to anybody's else candidacy.

PALMER HOUSE—L. P. Smith, Lexington; H. A. Jones, Nashville; R. W. Wynder, Louisville; H. G. Gilbert's Drug Store.

The Clinton Gazette has "broke out in a fresh place." It says it is opposed to John Hendrick because of the "intemperate attacks on McCreary by John McMeolan, Hendrick's chief lieutenant." This is certainly news to us and to our readers. We have not attacked Mr. McCreary in any way, and have the profoundest regard for him. Aside from the fact that we casually mentioned his age as a probable handicap in a strenuous campaign against Republican nominee, only one other "attack" has appeared in these columns, and that was clipped from the same Clinton Gazette when it repudiated McCreary because of his alleged alliance with John Whallen, the Louisville boss. On occasion we believe we did say that the Beckham crowd hoped to manage McCreary's administration and get the pie. We expressed the belief that he would fool them. Surely, this cannot be construed as an "attack."

Perhaps an explanation is due Editor Walker and others. A page of the Paris, Tenn., Parian of 1908 has been reproduced in apparent facsimile and is being circulated over Kentucky, mailed from Dayton, Ky. This page contains a four column write-up of "deceased Beckham," and credited to the editor of the Calloway County Gazette, then manager of the Parian. We plead guilty insofar as that article is concerned and have nothing to retract. We stand pat and are still a-patting. But on that circular page is another two column article attacking Mr. McCreary and a Mr. Van Zandt, a candidate for lieutenant governor. We have never before heard of Mr. Van Zandt until we read this circular. We disclaim responsibility for that editorial. It never appeared in the Parian, as the files of that paper will show, is an ingenious and an underhanded attempt of some man or set of men to attribute expressions to us that they evidently thought would have more effect coming from us than from him or them. So much for that. —Calloway Gazette.

BUMPER CROP

ALL CROPS NEARLY EIGHT PER CENT. GREATER THAN 1909.

Prices of Important Crops Averaged November 1 About Five Per Cent. Lower.

Washington, Nov. 11.—Bumper crops, led by corn with the greatest harvest ever gathered, were produced by the farmers of the United States during the present year. In a general review of crop conditions issued today, the bureau of statistics of the department of agriculture says:

"The harvests of 1910 have been practically completed, with results exceeding the expectations during the growing period. Preliminary estimates have been made of the important crops, from which it appears that the aggregate production of crops in 1910 are approximately 7.6 per cent. greater than the crops of 1909—and about 9.1 greater than the average annual production of the preceding five years. Prices for important crops averaged on Nov. 1 about 5.4 per cent. lower than a year ago.

"The production of other crops in 1910, expressed in percentage of the average production in recent years (not compared with full crop) is estimated as follows:

"Potatoes, 113.1; hops, 106.9; broomcorn, 105.4; cranberries, 105.4; sweet potatoes, 104.9; sorghum, 104.6; asparagus, 102.5; cabbage, 100.2; lima beans, 100.0; Kaffir corn, 99.1; pears, 98.9; beans (dry), 98.8; cantaloupes, 97.3; watermelons, 97.0; onions, 96.5; hemp, 95.5; tomatoes, 93.7; clover seed, 93.6; strawberries, 91.5; grapes, 88.2; apples, 85.8; millet seed, 85.7; raspberries, 78.0; blackberries, 76.6.

"The condition of other crops, compared with average conditions at or near time of gathering was as follows:

"Sugar cane, 104.1; rice, 102.3; sugar beets, 10.9; lemons, 99.3; cotton, 98.9; oranges, 95.5."

Little Miss Voris' Chanteur Party.
One of the most picturesque and charming children's parties ever given in Paducah was Little Miss Ede Eulice Voris' Chanteur party this afternoon at the Woman's club house. The lovely little hostess, the only daughter of Dr. Victor and Mrs. Voris celebrated her sixth birthday by giving pleasure to her small friends.

The yellow motif was effectively carried out in the decorations which emphasized November being the topaz month. Yellow chrysanthemums were the room flowers used throughout the rooms. A high embankment of palms and ferns were in the colonial hall. The table was veiled with an exquisite cover of Chinese linen embroidered in chrysanthemums. Two birthday cakes, gifts to the little honoree, adorned the table. They were laid in yellow and held six small yellow candles.

The little hostess was a charming picture in a dainty white silk frock with yellow sash, gold slippers and yellow silk stockings. She welcomed her guests with sweet graciousness.

It was a "play party" and there were many novel and pretty features to vary the afternoon. In the Grand March the Chanteur favors were distributed. They included pretty Chanteur hats, paper roosters to blow out, rooster whistles, turkey napkins in a yellow rings, and various attractive souvenirs, gifts of the hostess to her friends in honor of the day they all love to celebrate.

The auditorium of the club house was arranged with rugs and pillows on the floor, where the children played and had just the time they loved best. Dolls, Teddy bears, and "really, truly dogs" contributed to the fun.

Miss Little Mayes Sutherland was at the piano during the afternoon, and a delightful little musical program was a taking feature. A series of songs were sung by Mrs. Lela Wade Lewis and Miss Marjorie Lovell, these were illustrated in a taking way by the little hostess in costume. Robert Louis Stevenson's "In Winter-time I Go to Bed by Candlelight" with a child carrying a yellow lighted candle was charmingly sung by Mrs. Lewis, also a dainty little Chinese song in which Little Miss Voris wore a native Chinese costume, a gift sent her from China. Miss Lovell sang "I've Got a Pain in My Sawdust" with attractive charm and the little hostess carried her birthday doll.

The orange cream, cakes, mint and Jackstraws all gave pretty emphasis to the topaz motif.

The guest-list included 125 children under 8 years of age.

Pretty Dinner Complimenting Choir.
The Young Ladies' society of the First Presbyterian church entertained with a beautifully appointed dinner in honor of the choir of the church last evening in the church parlors.

A color-scheme of yellow was attractively carried out in the table appointments. The centerpiece was a graceful arrangement of yellow chrysanthemums. The place-cards were pretty hand-painted effects in yellow chrysanthemums. Covers were laid for fourteen. The menu was an elaborate service in five courses as follows: Oyster cocktails, turkey, chicken salad, bisque cream and cake, coffee, nuts, mints. The cream was served in pretty flower cups, representing yellow chrysanthemums, with handles of smilax; and the cocktail glasses were arranged in the chrysanthemum. Those present were: The Rev. H. W. Burwell and Mrs. Burwell, Mrs. J. D. Mocoquet,

THE FIRST TASTE.

Learned to Drink Coffee When a Baby.

If parents realized the fact that coffee contains a drug—caffeine—which is especially harmful to children, they would doubtless hesitate before giving the babies coffee to drink.

"When I was a child in my mother's arms and first began to nibble things at the table, mother used to give me sips of coffee. As my parents used coffee exclusively at meals I never knew there was anything to drink but coffee and water.

"And so I contracted the coffee habit early. I remember when quite young the continual use of coffee so affected by parents that they tried roasting wheat and barley, then ground it in the coffee-mill, as a substitute for coffee.

"But it did not taste right and they went back to coffee again. That was long before Postum was ever heard of. I continued to use coffee until I was 27, and when I got into office work, I began to have nervous spells. Especially after breakfast I was so nervous I could scarcely attend to my correspondence.

"At night, after having coffee for supper, I could hardly sleep, and on rising in the morning would feel weak and nervous.

"A friend persuaded me to try Postum. My wife and I did not like it at first, but later when boiled good and strong it was fine. Now we would not give up Postum for the best coffee we ever tasted.

"I can now get good sleep, am free from nervousness and headaches. I recommend Postum to all coffee drinkers.

Lady in Texas Seeks Relief, and Outlines Her Plan in Interesting Letter.

Houston, Tex.,—"For five years," writes Mrs. L. Fulmoch, 2417 Tackaberry street, "I suffered with pains all over, especially in my back and side, and was so weak I could hardly do my housework. A friend told me of Cardui. Since taking it, I feel so much better! Now I can do all my housework, and am not bothered with pains at all. Cardui has been a wonderful help to me."

Pains of any kind, especially backache or pain in the side, are generally signs of womanly trouble.

Weakness and misery are signs that you need a tonic.

Cardui, the woman's tonic has proven especially beneficial in such cases, whether for pains from too much walking, standing, stooping, or for general female weakness.

Cardui does not relieve by deadening the nerves, but acts permanently, by building up the general strength, where it is most needed, and restoring the system to health.

Cardui has helped thousands of weak women during the past 50 years. It will surely do for you, what it has done for them.

The Magazine Club.

Mrs. A. R. Meyers was hostess to the Magazine club yesterday afternoon at her home on Broadway, entertaining most delightfully.

The rooms were most attractive with vases filled with yellow and white chrysanthemums. A delicious tea course luncheon was served, in which the club colors, gold and white, were prettily carried out.

Taylor-White.

The marriage of Miss Audrey Daphne Taylor and Mr. Julius R. White took place this afternoon at 4 o'clock at the home of the bride's mother, Mrs. Lafayette L. Jones, of the Clark's river section, near the city. The wedding was a quiet and pretty affair and only near relatives and immediate friends of the family were present. The Rev. G. T. Sullivan, pastor of the Broadway Methodist church, performed the ceremony, after which an informal reception was given the couple. Immediately after this the couple will leave for a several weeks' trip west, embracing Dubuque, Ia., and Chicago.

The couple is well known in this city, the bride being the only daughter of Mrs. L. L. Jones, of the county, and has been a teacher in a business college here. She is popular in a large circle of friends. The groom is an employee of the Illinois Central Railroad company, holding the responsible position of operator and night ticket agent at Union station. He is a popular young man.

They will reside in Paducah.

strate to the country that the Democrats are fit to legislate wisely and patriotically.

The ante-election diagnosis left absolutely no necessity for a post-mortem. Therefore the question of the hour is not, "How did it happen?" but, "What are the Democrats going to do with the fruits of their victory?" Will the majority in the house play "follow my leader" to a harmonious degree, or will that old constitutional tendency of Democrats to emulate the Kilkenny cats—in or out of power—operate to upset the hopes now so pronounced? And then, too, the old enemy is crushed but not vanquished; pitfalls will be laid for the statesmen-victors to entrap them if they be unwary. From the beginning of the next congress to the summer of 1912, and even during the continuance of Republican domination, there will be seen some of the finest strategic moving and some of the most artistic oratorical wrestling, with an occasional stop to score points with a vote, ever witnessed in this country.

The fight just concluded was a skirmish compared to what the next one will be. It will be the aim of Democratic leaders to retain the presidency and the rest of the works two years hence; and just as soon as the Republicans get the dust out of their eyes they will start rebuilding their defenses with the hope of holding what they still have and getting back what has been lost.

Clark for Speaker.

As was to be expected, a crop of rumors has shot forth to the effect that Champ Clark, the present minority leader, will be opposed for the speakership. Some long distance trouble-makers foresee his defeat. As a matter of fact the selection of the Missouriian to preside over the deliberations of the house in the sixty-second congress was practically settled so far as the old members were concerned last winter. There are jealousies, to be sure; but it is not likely the Democrats will permit them to come into play at the very drop of the hat, with all that is in sight, and even risk such a fuss as would be precipitated by the turning down of Clark under the circumstances. In all probability the new members will be agreeable to the program outlined in advance. Furthermore, even if Clark were marked for slaughter, it is doubtful if there is another Democrat of speakership size entirely available and capable of mustering a conspicuous supporting force.

It need not be expected that the Democrats will do a whole lot of rules reforming beyond what already has been done in the house. They balked over taking the power to name committees away from the speaker when the fight against Cannonism occurred last spring, and the reason was that the influence of Champ Clark prevailed to a considerable degree; and Champ Clark was looking a little ahead to the time when he would take the mantle of "Uncle Joe." And so when the new congress meets there probably will be not alone the absence of a fight over the speakership, but the possible rivals will be smiling at him in anticipation of the distribution of committee chairmanships which have not been at command since 1893.

LOWER HOUSE OF DEMOCRATS

GAIN EIGHT IN SENATE, BUT
NOT HAVE CONTROL.

New Problem is Up—What Will
Victors Do With Power Asked—
Titanic Fights

COMING REGARDED CERTAIN

Washington, Nov. 11.—A majority of sixty-two in the house and the gain of at least eight seats in the United States senate, with two others in doubt, are the results obtained by the Democrats at Tuesday's congressional elections, according to the later returns. As the situation now stands, it will be impossible for the Democrats to get control of the upper branch of congress except through the accident of death and the consequent creation of vacancies in states hit by the landslide.

Indiana, Maine, Missouri, Nebraska, New Jersey, New York, Ohio and West Virginia are the states which have elected Democratic legislatures that will choose successors to Republican senators. The margin on joint ballot in the Indiana legislature will not be great, and the Republicans were loath to give up hope, but the Democrats seem to have won just the same. Delaware's legislature is of doubtful complexion, with the chances favoring the Republicans. Montana still is in doubt.

The greater troubles of the battle-scarred Democratic party—and, goodness knows, they have been great enough for something like sixteen years—were inaugurated with the glorious victory of November 8. Mingled with the prayers of thankfulness that went up there arose from the temple supplications that brotherly love may prevail during the next house of representatives in Washington especially may be on its good behavior.

Not Built For It.

A business man of South Philadelphia and his wife were discussing the future probabilities of their 19-year-old son, who was about to enter college, says the Philadelphia Times. The discussion lasted for two hours. Finally the fond mother

turned to the head of the family and said:

"The best thing that I can see in store for him is to study medicine."

A frown spread across the face of the father, as he quietly replied: "That kid of ours couldn't kill a fly; how do you expect him to become a doctor?"

Every time you see a bald head think of Woodbury's Hair Tonic. This famous hair grower was tested and improved for almost half a century before a bottle was sold through the stores. It is the only hair tonic made from the formula of the great dermatologist and saves the hair when all other preparations fail. It stops falling hair, cures dry or greasy dandruff, and relieves itching, irritated or tender scalp. You don't have to wait for results either, for the effect is noticed after the first application. It invigorates the hair roots, stimulates the circulation throughout the scalp and quickly produces a healthy growth of long, beautiful hair.

WOODBURY'S COMBINATION HAIR TONIC

costs no more than a bottle of common, ordinary hair tonic, yet Woodbury's is backed up by almost half a century of practical experience. It is the favorite hair dressing of New York's most beautiful women. It does not discolor the hair but preserves its natural color, restores its lustre and increases its vitality. Now sold by all druggists or direct from the Woodbury Company, 47 West 34th Street, New York.

Ask your doctor or your druggist about the experience back of this famous hair tonic. They know.

Chicago, Nov. 11.—Ten of the Illinois seats in the national house of representatives, and possibly an eleventh, will be occupied by Democrats in the Sixty-second congress.

As the full police returns came in yesterday they showed that the Democrats had gained three of the ten Cook county districts and the Peoria district downstate. In addition Congressman William W. Wilson, in the third district, won by so small a figure that the Democrats will call for a recount of the ballots and will start a contest in the interests of Fred J. Crowley. Wilson is hanging on by his eyelashes, as it were. His plurality is 26.

On the face of the early police returns Crowley appeared to have won by 62 votes, but a missing precinct was discovered that wiped out Crowley's advantage and put Wilson in the lead.

Democrats Plan Contest.
The Democratic managers have appointed a committee composed of lawyers which will take charge of the contests.

Congressmen Madden, Mann, Wilson and Foss were the only Republican members from Cook County who survived the battle at the polls, and last night there was talk that a recount would be asked for in the Foss as well as the Wilson district. In the Cook County end of the tenth district Foss won over Richard J. Finnegan by 1,450 votes. Lake county swelled his lead to 2,706, which tended to discourage the contest talk.

In the ninth district Lynden Evans, Democrat, won over Frederick H. Gansberger, Republican, by 431, but there is no talk of calling for a recount.

The complete unofficial returns from down-state confirmed the early reports that Congressman W. A. Rodenberg and Pleasant Chapman had won in their Egyptian districts, and that Congressman Joseph Graff had been defeated in the Peoria district.

Downstate Districts.
In the downstate districts the vote on congressmen was as follows:
Seventh District.
Sterling, Rep. 16,631
Fitz Henry, Dem. 14,301
Sterling's plurality 2,330

QUIT CALOMEL!

THOUSANDS ARE TURNING FROM THIS DANGEROUS DRUG.

A Safe Vegetable Substitute Is Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Portsmouth, Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, including olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad after effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers. His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought for combination, which is in the shape of a little sugar-coated, olive-oil colored tablet.

The results of 15 years' experience and practice are embodied in these marvelous little tablets. They are called Dr. Edwards' Olive Tablets, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

All druggists sell them in neat vest pocket sizes at 10c and 25c. The Olive Tablet Company of Portsmouth, Ohio. Dr. F. M. Edwards, Pres.

OHIO SENATOR

WILL BE CHOSEN BY DEMOCRATS THIS YEAR.

Plenty of Candidates for Position Mentioned to Legislature.

Columbus, O., Nov. 11.—With the next Ohio legislature Democratic in both houses, the Democrats face a many-sided contest to bestow the senatorial mantle of Senator Charles Dick, long the lieutenant of Marcus A. Hanna and the latter's successor in the senate.

A half dozen Democrats have been mentioned as probable candidates, Jacob Kilbourne, of Columbus; John R. McLean, owner of the Cincinnati Enquirer and Washington Post, who yesterday voted in Ohio for the first time in eight years; M. E. Ingalls, railway magnate of Cincinnati; former Gov. James Campbell of Dayton, endorsed two years ago by the Democratic state convention; Atlee Pomeroy of Canton, forced to run for the lieutenant governorship this year with the consolation of a possible governorship should Governor Harmon be elected president; Frank Whitlock, Socialist-Democratic mayor of Toledo; Edward W. Hanley of Dayton, chairman of the Democratic state central committee, who controls the Democratic machine, and John J. Lentz of Columbus, former congressman. The last is an avowed candidate.

McLean will put plenty of money into the fight.

BY MACHINERY

BANANA CASES WILL BE MADE HERE.

Leigh Company Installs Machines in Plant That Will Increase Its Capacity.

The first machine for the manufacture of banana cases has been placed in the factory of the Leigh Banana Case company on South First street. The machine is being tested preparatory to the placing of the automatic machines in all of the factories of the company. In the preliminary tests the machine gave satisfaction, and there is every prospect that the machine will be a success.

The first cases were manufactured in Paducah by Mr. Charles Q. Leigh, and have been made by hand. The machines will make the work more rapid and the output will be larger. The local factory is in charge of Mr. D. F. Raff, and further improvements will be made in the next few weeks. A boiler will be installed for the purpose of heating the building and also to furnish steam for the purpose of making the wood pliable. The factory has about 20 people at work and the business is increasing rapidly.

AN OLD-TIME PRESCRIPTION

In a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. Such a preparation is Wyeth's Sage and Sulphur, which is sold by all leading druggists for 50c. and \$1.00 a bottle, or which is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

Miscellaneous.

The river here is still at a stand of 2.6 feet.

With her barge Princess the John L. Lowry arrived from Evansville at 4 o'clock this morning with a good trip. She was held over her on account of her crew being summoned as witnesses in the murder case against Harry Shaver, a roustabout, who killed Henry Cherry. She left this morning for a return trip to Evansville.

The Kentucky and barge "Dixie" came out of the Tennessee from Riverton, Ala., at 10 o'clock last night and went to Brookport at 7:30 o'clock this morning to unload her

lumber. Most of her freight was discharged at Danville on account of low water. She had 160 bales of cotton, 130 of which were unloaded at Danville. She also had about 1,500 sacks of cotton seed. She will return this afternoon and leave for a return trip to Riverton, Ala., Saturday evening at 6 o'clock. On account of low water she will take out her cargo.

The towboat Mary N. came out of the Tennessee with a log raft for Metropolis at 7 o'clock this morning. The Cowling made her two regular trips between Paducah and Metropolis today on time, enjoying a good trade.

The towboat J. C. Burdett of the Barrett line, passed up yesterday afternoon with empties for Cincinnati.

LITTLE DAUGHTER HAD SCALP HUMOR

Itched So that She Scratched Until Blood Came. Hair Fell Out. Scalp had Unpleasant Odor. Used Cuticura Soap and Ointment Four Weeks. Scalp Perfectly Clear.

Hair Began to Grow Again and Now Has Beautiful, Long Hair.

"When my little daughter was about five years old, she was taken with the measles. A few weeks after the measles were gone, she began to have a severe scalp humor. It itched so that she would scratch the whole day, until the blood came. We had a doctor and tried a good many other remedies, but nothing helped. Her hair all fell out and the scalp itself had an unpleasant odor. After we had tried all the other remedies, my wife told me to try the Cuticura Remedies. We bought one cake of Cuticura Soap and one box of Cuticura Ointment. We used the Cuticura Remedies according to directions and in about three or four weeks her scalp was perfectly clear of the terrible humor. Her hair began to grow again and now she has beautiful, long hair. Since that time I have recommended the Cuticura Remedies to other people and they also had success. Chas. Salzbrener, Amana, Iowa, Nov. 8, 1909."

Cuticura Soap (25c), Cuticura Ointment (50c) and Cuticura Resolvent (50c) or Cuticura Pills (25c) are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 125 Columbus Ave., Boston, Mass. Free Mail Free. 32-page book, 10c to Trust for Affections of the skin and scalp.

metropolis today on time, enjoying a good trade.

Captain Jim Howard, of Metropolis, formerly commander of the Joe Fowler, is in Paducah today visiting.

Captain Jim Howard, of Metropolis at 7 o'clock this morning. Arch Colten, second clerk on the Lowry, stopped off at his home at Cave-in-Rock for a visit.

The Ohio was dropped off the marine ways after repairs today and left at 2 o'clock this afternoon for Golconda. She will return at 10:30 o'clock tomorrow morning and leave at 2 p. m. for Golconda, resuming her regular run.

The excursion boat Alton arrived from St. Louis today to go into winter quarters at the Duck's Nest.

Louisville, Ky.—The campaign which J. Frank Taylor, Collector of Customs, has been making against violators of motorboat laws in Louisville harbor has not only had a salutary effect on owners of these boats, but has resulted in a snug sum for the government in the way of fines.

In all about 30 motorboat owners have been arrested and fined, the amount assessed reaching \$3,000. A fine of \$100 was imposed in each case. Mr. Taylor has notified owners of the offending craft that they may appeal from his decision in their cases to the secretary of the department of commerce and labor, at Washington. However, these appeals must be taken through the collector here. Government inspectors continue to inspect the river for offenders, and it is seldom now that a boat is seen on the river without displaying the proper signals and lights.

With a tow of ties for the Ayer & Lord T. Co. the towboat Pavia arrived out of the Tennessee river yesterday afternoon. She left for a return trip this afternoon.

The Bob Dudley is due tomorrow from Evansville.

The J. T. Reeder is due tonight from Cairo and will make a return trip at 8 a. m. Saturday.

NEW BRIDGE DEDICATED.
Governors Hadley and Deneen Officiate at St. Louis.

St. Louis, Nov. 11.—Gov. Hadley, of Missouri, and Gov. Deneen, of Illinois, dedicated the Illinois traction system's new bridge over the Mississippi river here today in the presence of 3,000 invited guests. Archbishop J. J. Glennon of St. Louis blessed the new structure, which is known as the McKinley bridge, and Dean C. K. Davis, of the Episcopal church, delivered the in-

vestiture. Tonight a fireworks display and a banquet was given by the owners of the bridge.
